Construct weet certificates
Masai
Completed Masai School's Construct Week, showcasing teamwork and problem-solving skills.

Md Azad Ansari

Full Stack Web Developer

Professional Summary

Dynamic MERN Stack Developer skilled in creating scalable, user-friendly web applications. Expertise in integrating frontend components using React.js, HTML, CSS, and JavaScript, and designing efficient APIs with Node.js to deliver optimal user experiences. Committed to continuous improvement and innovation in delivering high-performance web development solutions.

Projects

Art Gallery MERN Project Live Demo Link Github Repo Link

React | Node.js | Express.js | MongoDB | Responsive Web Design

- Collaborated on a MERN project with a team to develop and design a platform for artists to showcase their work and art enthusiasts to explore and purchase artworks.
- Integrated features like user authentication, artist profiles, artwork listings, search/filter, purchasing, and messaging.
- Developed a responsive front-end using React.js to enhance user experience across devices.
- Developed and optimized Node.js/Express.js APIs and MongoDB for efficient data management and retrieval.

Learning World React project Live Demo Link Github Repo Link

React | HTML5 | CSS3 | Responsive Web Design

- Collaborated with a team to design a user-friendly, responsive interface for Learning World, a platform offering global access to top university courses for skill enhancement and knowledge deepening.
- Developed key features like authenticated sign-up/sign-in, a dynamic home page, customizable sections, and UI elements including a responsive navbar, image carousel, and footer.
- Creates comprehensive course catalog with robust search and tracking features to enhance user experience.
- Emphasized usability, responsiveness, and seamless navigation in design decisions for an engaging platform.

Responsive Figma Web Design Live Demo Link Github Repo Link

HTML5 | CSS3 | SCSS

- Collaborated with the team to translate Figma designs into a responsive web interface using HTML5 and CSS3.
- Developed intuitive navigation, including a mobile-friendly hamburger menu, to enhance user experience.
- Created scalable SCSS styles for consistent, maintainable design and cross-device responsiveness.
- Contributed to the content-focused sections and social-linked footers.
